

# 1980 Personal Computing Index

## Amortization Tables

Amortization tables, by De Witt Brown. Jul, p. 73  
Calculating interest principal payments for loans, by Tim Field. Mar, p. 54. *Erratum:* For/next loops and faulty formulas, Jun, p. 6

## Automobiles

Battling the gas pump blues, by Fred E. Guth. Jan, p. 68  
Gas prices, by Phil Schnell. Sep, p. 54  
Keeping track of MPG's, by Roger W. Hart. Dec, p. 22

## Baseball

Baseball statistics, by Kevin Williams. Sep, p. 22

## Basic Language

Extended Basic for your TRS-80, by William F. Stockwell. Oct, p. 70  
Translating TRS-80 Level II Basic to TI 99/4 Basic, by Harley M. Templeton. Nov, p. 40

## Bonds

see Stocks and Bonds

## Business

Bring on the money changers (currency conversions), by David A. Lien. Feb, p. 48  
Check entry and retrieval system, by William Lappen. Jun, p. 28. *Addendum:* Successful bug extermination, Sep, p. 6  
Forecasting, by R. Tickell. Jan, p. 22  
Income statements (P&Ls), by W. B. Goldsmith, Jr. Oct, p. 24  
Keeping track of business contacts, by Loyd Bulmer. Jun, p. 24  
Linear regressions for small businesses, by Mike De Santis. Jan, p. 25  
Personalized sales message, by Clint Hentz. Jul, p. 44  
Small computers come to the rescue of big business (Future Computing dept.), by William R. Parks. Oct, p. 22  
Tracking add-on sales, by Clint Hentz. Nov, p. 32  
Turn your hobby into a business, by William R. Parks. Aug, p. 36  
TV registrations and service contract sales, by Clint Hentz. Feb, p. 23  
see also Information Storage/Retrieval plus specific topics, e.g., Price Lists; Stocks and

Bonds; Taxes; etc.

## Buyer's Guides

Holiday Buyer's Guide (including vendor guide), by Ken Mazur. Nov, p. 24  
Single board vs. personal computers: which option is best for you? (including vendor guide), by Lance A. Leventhal. Jul, p. 24  
see also Reviews plus specific topics, e.g., Disks; Education; Graphics; Modems; Networking; Printers; Word Processing

## Chess

Saga of the nervous computer (humor), by Boyd Z. Palmer. Aug, p. 32  
The tenth North American computer chess championship, by Evan H. Katz. Feb, p. 50  
see also monthly Computer Chess department

## Codes and Ciphers

Computer cryptography for coded communications, by John H. Heidema. Nov, p. 66  
Solving ciphers, by Charles J. Wilson. Jun, p. 78

## Computer Bridge department

by Thomas A. Throop  
Old hands and new deals. Jan, p. 87  
Testing computer responses. Feb, p. 77  
Computer bridge at NY tournament. Mar, p. 80  
Bridge challenger does some tricks. Apr, p. 75  
Some new programs appear. May, p. 87  
Old hands and new games. Jun, p. 101  
More Duisman deals. Jul, p. 91  
Duisman deals again. Aug, p. 83  
Bridge comes to The Source. Sep, p. 87  
Bridge on the TRS-80 and TI 99/4. Oct, p. 89  
More bridge on the TRS-80, TI 99/4. Nov, p. 89  
TRS-80 bridge deals. Dec, p. 88  
see also Games

## Computer Clubs

Computer clubs and newsletters, by Marjorie Morse and Elli Holman. Mar, p. 64  
see also monthly Random Access Announcements section

## Computer Games department

Jan, p. 83 (go); Feb, p. 74 (go, othello); Mar, p. 77 (checkers); Apr, p. 77 (gomoku); May, p. 83 (checkers); Jun, p. 97 (gomoku); Jul, p. 87 (othello); Aug, p. 79 (go); Sep, p. 83 (othello); Oct, p. 87 (gomoku); Nov, did not appear; Dec, p. 83 (computer games

directory)

see also Chess, Computer Bridge department, Games

## Depreciation Schedules

Depreciation Schedules, by W. B. Goldsmith, Jr. Dec, p. 49

## Disks

Behind the whirrs and clacks: a look at disk fundamentals, by Ken Mazur. Jun, p. 50  
Disk dos and don'ts, by Paul Armstrong. Jun, p. 53  
Disk drive buyer's guide (including comparison chart and vendor guide), by Ken Mazur. Jun, p. 56  
Upgrading to disks: triumphs and tribulations, by Ken Mazur. Jun, p. 48  
see also Programmer's Aids; Programming Techniques

## Drapery Estimating

Drapery estimating, by Clint Hentz. Sep, p. 41

## Education

Books of the Bible (game), by Robert Levi Schuman. Jun, p. 75  
Computer-assisted grading, by Reginald D. Gates. Oct, p. 28  
Computer grade book, by Edward L. Heam. Mar, p. 59  
A computer spelling exercise, by Jeremy C. Jones. Oct, p. 54  
Fastmath (math drill), by R.P. Ford and J.G. Sparti. Jul, p. 64  
Flash cards, by Donald A. Becker. Apr, p. 41  
A gradebook for teacher, by Eric Geoffrey Vann. Aug, p. 53  
Grow old along with me! The best is yet to be... (computers in education, including vendor's guide), by Ken Mazur. Aug, p. 39  
Living off the land: an educational agri-business simulation, by Robert K. Fink. Aug, p. 50  
Microcomputer impact on education in the '80s (Future Computing dept.), by William R. Parks. Mar, p. 22  
Personal computing goes to college (simulations in classrooms), by John P. Walters, PhD. Aug, p. 44  
Psychology, education and computers (Future Computing dept.), by William R. Parks. Sep, p. 16

# 1980 Personal Computing Index

## Amortization Tables

Amortization tables, by De Witt Brown. Jul, p. 73  
Calculating interest principal payments for loans, by Tim Field. Mar, p. 54. *Erratum:* For/next loops and faulty formulas, Jun, p. 6

## Automobiles

Battling the gas pump blues, by Fred E. Guth. Jan, p. 68  
Gas prices, by Phil Schnell. Sep, p. 54  
Keeping track of MPG's, by Roger W. Hart. Dec, p. 22

## Baseball

Baseball statistics, by Kevin Williams. Sep, p. 22

## Basic Language

Extended Basic for your TRS-80, by William F. Stockwell. Oct, p. 70  
Translating TRS-80 Level II Basic to TI 99/4 Basic, by Harley M. Templeton. Nov, p. 40

## Bonds

see Stocks and Bonds

## Business

Bring on the money changers (currency conversions), by David A. Lien. Feb, p. 48  
Check entry and retrieval system, by William Lappen. Jun, p. 28. *Addendum:* Successful bug extermination, Sep, p. 6  
Forecasting, by R. Tickell. Jan, p. 22  
Income statements (P&Ls), by W. B. Goldsmith, Jr. Oct, p. 24  
Keeping track of business contacts, by Loyd Bulmer. Jun, p. 24  
Linear regressions for small businesses, by Mike De Santis. Jan, p. 25  
Personalized sales message, by Clint Hentz. Jul, p. 44

Living off the land: an educational agri-business simulation, by Robert K. Fink. Aug, p. 50  
Microcomputer impact on education in the '80s (Future Computing dept.), by William R. Parks. Mar, p. 22  
Personal computing goes to college (simulations in classrooms), by John P. Walters, PhD. Aug, p. 44  
Psychology, education and computers (Future Computing dept.), by William R. Parks. Sep, p. 16

Required reading: storing information in the classroom, by Keith N. Schlarb.

Dec, p. 68

Stonehenge (simulation), by Bonnie J. and David J. Beard. Jan, p. 55. *Erratum*: 2000 a leap year? May, p. 8

A teacher for your Apple (flash cards), by Robert R. Derner. Aug, p. 48

This Johnny can run the computer (educational programs for children), by Elizabeth A. Whalen. Jan, p. 44

## Elections

Election night (compiling returns), by Nancy G. McPhee. Nov, p. 58

## Fiction and Humor

The death of Snow White (fiction), by John Abbott. Jun, p. 44

Saga of the nervous computer (chess humor), by Boyd Z. Palmer. Aug, p. 32

Software update (humor), by David Lubar. Jul, p. 54

## Finances, Personal

Check entry and retrieval system, by William Lappen. Jun, p. 28. *Addendum*: Successful bug extermination, Sep, p. 6

Income statements (P&Ls), by W. B. Goldsmith, Jr. Oct, p. 24

Installment sales, by W. B. Goldsmith, Jr. Aug, p. 28

Personal finance management, by E. E. Comstock. Aug, p. 25

Structured programming and personal organization (home finances), by Derek A. Kelly. Mar, p. 29

What are you worth? (personal assets), by David M. Dolan. Jul, p. 46

see also Taxes

## Future Computing department

by William R. Parks

Robots with human skills? Jan, p. 16

U.S. a one-product country? Feb, p. 21

Microcomputer impact on education in the '80s. Mar, p. 22

Ol' time reportin' turns to automated composition. Apr, p. 22

Can computers be programmed to be conscious? May, p. 22

Does a computer have a personality? Jun, p. 22

Home computing for the retirement years! Jul, p. 22

1984—the problems in computing. Aug, p. 87

Psychology, education and computers. Sep, p. 16

Small computers come to the rescue of big business. Oct, p. 22

The future of productivity in America. Nov, p. 22

Encoding voice input for the deaf. Dec, p. 18

## Future of Personal Computing

A wave of the future, by Ken Mazur. Dec, p. 35

## Games

The adventures of Scott Adams (profile/review), by Ken Mazur. Feb, p. 58

Alice in Wonderland, by Hugo T. Jackson. Oct, p. 57

Anyone for bridge?, by Peter Jonas. May, p. 36

Backgammon, by William Lappen. Feb, p. 34. *Addendum*: Backgammon, Jul, p. 7

Fast gomoku, by Ron Burke. Jul, p. 50

Goblin: a small system fantasy game, by Robert T. Nicholson. Dec, p. 58

Graphic craps, by Robert Kyle. Mar, p. 24

Lamb! (essay) by David Gerrold. Nov, p. 56

Vector nim, by Ronald Carlson. Apr, p. 39

Word search (puzzles), by Mike Fischer.

Oct, p. 34

see also Baseball; Chess; Codes and Ciphers; Computer Bridge dept.; Computer Games dept.; Education

## Genealogy

Family Forest, by Thomas Edworthy. Aug, p. 34

## Graphics

Behind the dazzling displays: a look at color graphics, by Tracy R. Licklider. Jun, p. 61

Graphic craps, by Robert Kyle. Mar, p. 24

Graphics add-ons (buyer's guide). Jun, p. 66

Mechanical paintbrush, by Dwight Wheeler. Feb, p. 56. *Addenda*: Mechanical paintbrush extras, May, p. 6; New paintbrush strokes, Aug, p. 9

Printing pictures from your Pet, by Michael D. Gillie. Nov, p. 52

Score your heart attack risk, by E. J. Neiburger, Andent, Inc. Apr, p. 48

## Health

Score your heart attack risk, by E. J. Neiburger, Andent, Inc. Apr, p. 48

## Home/Personal

Another kind of program listing (TV schedule), by David D. Busch. Dec, p. 40

Birthdays and anniversaries: computer goes to church, by William Klungle. Feb, p. 31

Cash in on the power of Pascal (silver content value of coins), by Sam Gaylor. Oct, p. 52

Dear diary... (personal journal program), by M. Blair Sibley. Jul, p. 61

Holiday helper (Christmas card list), by Robert K. Fink. Dec, p. 26

Home librarian, by Patrick Seslar. Sep, p. 30

Printing and storing weekly schedules, by Ivan Flores. Nov, p. 70

Reminder lists, by W. B. Goldsmith, Jr. Sep, p. 38

A traveler's restaurant guide, by G. R. Boynton. Oct, p. 66

Video tape selector, by Robert C. Kyle. Jul, p. 76. *Addendum*: Video tape modifications, Sep, p. 6

see also specific topics, e.g., Automobiles; Finances, Personal; Photography; Wine; etc.

## Horse Racing

Off to the races (handicapping horse races), by Rinaldo F. Prisco. Jan, p. 70. *Addendum*: Delayed at the gate, Jul, p. 8

Delayed at the gate, Jul, p. 8

## Humor

see Fiction and Humor

## Information Storage/Retrieval

Free-form storage and retrieval system, by William Lappen. Nov, p. 46

see also Programmer's Aids; Programming Techniques

## Inventory

Inventory simulation, by Adrian Woods. Jul, p. 28

## Line Renumbering

Line renumbering, by Franklyn D. Miller. Jul, p. 71

TRS-80 line renumbering, by Blake Ward. Jan, p. 51. *Addenda*: Line renumbering, Apr, p. 9; Line renumbering, May, p. 8

Line renumbering, by Blake Ward. Jan, p. 51. *Addenda*: Line renumbering, Apr, p. 9; Line renumbering, May, p. 8

Line renumbering, by Blake Ward. Jan, p. 51. *Addenda*: Line renumbering, Apr, p. 9; Line renumbering, May, p. 8

Line renumbering, by Blake Ward. Jan, p. 51. *Addenda*: Line renumbering, Apr, p. 9; Line renumbering, May, p. 8

Line renumbering, by Blake Ward. Jan, p. 51. *Addenda*: Line renumbering, Apr, p. 9; Line renumbering, May, p. 8

Line renumbering, by Blake Ward. Jan, p. 51. *Addenda*: Line renumbering, Apr, p. 9; Line renumbering, May, p. 8

Line renumbering, by Blake Ward. Jan, p. 51. *Addenda*: Line renumbering, Apr, p. 9; Line renumbering, May, p. 8

Line renumbering, by Blake Ward. Jan, p. 51. *Addenda*: Line renumbering, Apr, p. 9; Line renumbering, May, p. 8

Line renumbering, by Blake Ward. Jan, p. 51. *Addenda*: Line renumbering, Apr, p. 9; Line renumbering, May, p. 8

Modems: your link to the world (including vendor guide), by Ken Mazur. Oct, p. 60

## Music and Sound

Measures for measures (timing music tapes), by Rod Morgan. Jan, p. 61

Music to soothe the savage TRS-80, by Hugo T. Jackson. Sep, p. 66

Simple software sound effects, by J. Zdunek. Jan, p. 34

## Networking

Canada's experiment with two-way TV, by David MacQuarrie. Sep, p. 64

Computer networking: promise and peril (including comparison chart), by Ken Mazur. Sep, p. 58. *Addendum*: Atari Communications, Dec, p. 7

Videotex: low-cost networking (Radio Shack/CompuServe system), by Ken Mazur. Sep, p. 61

Videotex: low-cost networking (Radio Shack/CompuServe system), by Ken Mazur. Sep, p. 61

## Newsletters

see Computer Clubs

## Novice's Notebook

AI's easy data handling routine, by Dale R. Basye. Feb, p. 27

Cassette techniques, by L. Mitchell Wein. Mar, p. 27

A handy sort (bubble sort), by Dwight Wheeler. Jul, p. 37. *Addendum*: Improving a handy sort, Nov, p. 8

How to build a program, by L. Mitchell Wein. Jan, p. 48

How to save memory, time and your fingers (algorithms), by David Lubar. Aug, p. 64

Microbicide (debugging), by David Lubar. Nov, p. 79

Problem solving and computers, by David Lubar. Oct, p. 49

Switch Your Logic, by Gene Hector. Dec, p. 32

Will it fit?: estimating program size, by David Lubar. Sep, p. 47

## Payroll

Figuring incentive pay, by Clint Hentz. Dec, p. 65

Your personal payroll partner, by Donald Howe. Mar, p. 45. *Erratum*: Payroll correction, Jul, p. 8

Your personal payroll partner, by Donald Howe. Mar, p. 45. *Erratum*: Payroll correction, Jul, p. 8

## Personal

see Home/Personal

## Photography

Getting your act together (slide shows), by Cecil Smith. Jun, p. 46. *Addendum*: Computer carousel projector, Nov, p. 8

Getting your act together (slide shows), by Cecil Smith. Jun, p. 46. *Addendum*: Computer carousel projector, Nov, p. 8

Getting your act together (slide shows), by Cecil Smith. Jun, p. 46. *Addendum*: Computer carousel projector, Nov, p. 8

Getting your act together (slide shows), by Cecil Smith. Jun, p. 46. *Addendum*: Computer carousel projector, Nov, p. 8

Getting your act together (slide shows), by Cecil Smith. Jun, p. 46. *Addendum*: Computer carousel projector, Nov, p. 8

Getting your act together (slide shows), by Cecil Smith. Jun, p. 46. *Addendum*: Computer carousel projector, Nov, p. 8

Getting your act together (slide shows), by Cecil Smith. Jun, p. 46. *Addendum*: Computer carousel projector, Nov, p. 8

Getting your act together (slide shows), by Cecil Smith. Jun, p. 46. *Addendum*: Computer carousel projector, Nov, p. 8

Getting your act together (slide shows), by Cecil Smith. Jun, p. 46. *Addendum*: Computer carousel projector, Nov, p. 8

Getting your act together (slide shows), by Cecil Smith. Jun, p. 46. *Addendum*: Computer carousel projector, Nov, p. 8

Getting your act together (slide shows), by Cecil Smith. Jun, p. 46. *Addendum*: Computer carousel projector, Nov, p. 8

Getting your act together (slide shows), by Cecil Smith. Jun, p. 46. *Addendum*: Computer carousel projector, Nov, p. 8

Getting your act together (slide shows), by Cecil Smith. Jun, p. 46. *Addendum*: Computer carousel projector, Nov, p. 8

Getting your act together (slide shows), by Cecil Smith. Jun, p. 46. *Addendum*: Computer carousel projector, Nov, p. 8

**Addendum:** Cassette Labels Modified, Dec, p. 7  
Cataloging simplified, by Loyd Bulmer.

Jun, p. 27  
Disk library directory, by Richard R. Syriac, Sr.  
Jun, p. 70

Dumpfile revisited, by Ron Buszta. Jun, p. 42  
Housebreaking your new Pet (program to let old software run with new ROMs), by John M. Nichols. Apr, p. 73 **Erratum:** Housebreaking error, Jul, p. 7. **Addendum:** Pet shifting point, Sep, p. 6

Improve your programming effectiveness, by Charles D. Sternberg. May, p. 40

Number converter, by W. B. Goldsmith, Jr. Nov, p. 75

Print it all! (screen print program), by Charles Butler. Mar, p. 39

Software library management, by Charles Butler. Mar, p. 37

TRS-80 tape duplication utility, by Max Chauvet. Dec, p. 72

**see also** Basic Language; Graphics; Line Renumbering; Merging; Novice's Notebook; Programming Techniques

### Programming Techniques

Print Using, by Nancy G. McPhee. Nov, p. 60

Save those bytes: storing dates on disk, by Charles T. Tzinberg. Jul, p. 78 **Addendum:** Saving bytes, Nov, p. 10

Scrolling, by Roger B. Wilcox. Jun, p. 84. **Addendum:** Scrolling modifications, Aug, p. 6

Searching for Ivan Denisovitch: accessing titles by keyword, by John Webster. Jul, p. 68

Simulating special function keys, by William Klungle. May, p. 73

Using Pring Using, by David A. Lein. Feb, p. 46

**see also** Novice's Notebook; Programmer's Aids; Sorting

### Real Estate

Rental income, by W. B. Goldsmith, Jr. Jul, p. 40 **Addendum:** All about July, Nov, p. 6

### Return on Investment

Return on investment made simple, by William A. Carr. Sep, p. 50

### Reviews

Adding overdrive to North Star Basic (Allen Ashley's compiler), by Jack Purdum, PhD, Butler University. Sep, p. 34

The adventures of Scott Adams, by Ken Mazur. Feb, p. 58

APF's Imagination Machine, by David B. Powell. May, p. 32

Apple III unveiled at NCC. Aug, p. 65

Convenient keyboarding at your computer (Web Associates' TShort; SJW's Keyplus), by Ken Mazur. Apr, p. 89

Data management made easy (Personal Software's CCA Data Management System), by Ken Mazur. Jul, p. 96

Green screens and backgammon (National Tricor's CRT screen; backgammon games), by Ken Mazur. May, p. 90

Hewlett-Packard's personal computer. Feb, p. 62

Increased power for your TRS-80 (Racet Computers' software), by Ken Mazur. Jun, p. 104

Making taxes less taxing (tax software), by Ken Mazur. Mar, p. 82

Moving up to lower case (TRS-80 lower-case mods), by Dave Rose. Jul, p. 56. **Addendum:** Software for lower-case mods, Oct, p. 8

NCC report (new products). Aug, p. 68

NEWDOS/80, by Ronald H. Bobo. Dec, p. 44

Programming made easy (Logical Machine Corp.'s systems), by Ken Mazur. Nov, p. 91

Radio Shack announces three new computers (Model III, TRS-80 pocket computer, TRS-80 color computer), by Ken Mazur.

Oct, p. 32

Software from Hayden, by Ken Mazur. Feb, p. 80

Top-notch software from The Bottom Shelf, by Ken Mazur. Jan, p. 92

A useful TRS-80 utility (TRCopy from Data/Print), by Ken Mazur. Feb, p. 81

Videotex: low-cost networking (Radio Shack/CompuServe system), by Ken Mazur.

Sep, p. 61

Wafers: an alternative to disks (Exatron Stringy Floppy), by L. Mitchell Wein. Jun, p. 82

**see also** Buyer's Guides and monthly What's Coming Up (new products) dept.

### Single Board Computers

**see** Buyer's Guides

### Sorting

Assorted sorts, by David Galef. Jan, p. 29.

**Erratum:** Assorted sorts, Apr, p. 8 **Addenda:** Shell-Metzner sort, Jun, p. 9; . . .

Still sorting . . . , Jul, p. 9

A handy sort (bubble sort), by Dwight Wheeler. Jul, p. 37 **Addendum:** Improving a handy sort, Nov, p. 8

### Sound

**see** Music and Sound

### Stocks and Bonds

How much does that bond really yield? by William Lappen. Mar, p. 57

Stock option analysis, by William Lappen. Aug, p. 22

Using moving averages to track stock prices, by E. D. Shafer. Oct, p. 44

When to sell a bond, by William Lappen. Apr, p. 46

### Stonehenge

Stonehenge (simulation), by Bonnie J. and David J. Beard. Jan, p. 55 **Erratum:** 2000 a leap year? May, p. 8

### Taxes

Calculator accounting: part 2, by Marlin Snow. Jan, p. 38 (Part 1 is in Dec 79, p. 54)

Deeper in the heart of taxes, by Joe Roehrig. Apr, p. 27

Income tax deduction worksheet, by W. B. Goldsmith, Jr. Apr, p. 24. **Addendum:**

Income tax deduction worksheet in North Star, Aug, p. 8

Installment sales, by W. B. Goldsmith, Jr. Aug, p. 28

Rental Income, by W. B. Goldsmith, Jr. Jul, p. 40. **Addendum:** All about July, Nov, p. 6

Making taxes less taxing (tax software reviews), by Ken Mazur. Mar, p. 82

**see also** Finances, Personal

### Time Conversions

Real-time time conversions, by James H. Nestor. May, p. 47

### Translating Basics

**see** Basic Language

### Wine

Host a wine tasting party, by Robert C. Kyle. Jan, p. 64 **Erratum:** Wine tasting improved, Jun, p. 6

Your personal wine steward, by H. Steele Holley. Jun, p. 38

### Word Processing

Basic typesetter, by Richard R. Galbraith. May, p. 24

Basic typist, by Richard R. Galbraith. Apr, p. 62.

**Addenda:** A great combination, Jul, p. 8;

Basic typist, Nov, p. 8

Ol' time reportin' turns to automated composition (Future Computing dept.), by William R. Parks. Apr, p. 22

Personalized sales message, by Clint Hentz. Jul, p. 44

Selecting a word processing microcomputer, by Joe Bobbey. Apr, p. 66

Structured programming and personal organization (text outline program), by Derek A. Kelly. Mar, p. 29
